

COUPLER CF-3

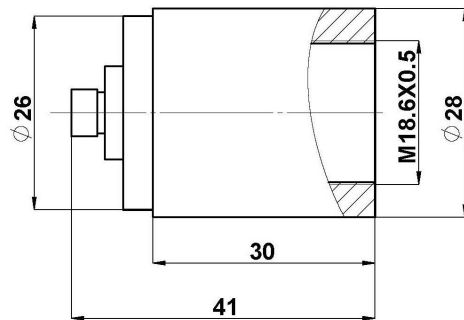

CNI can provide fiber coupler for all our existing lasers, SM/MM fiber type optional. The coupler is designed to connect the fiber and laser to improve fiber coupling efficiency.

SPECIFICATIONS

| | |
|-------------------------------|----------------------|
| Model | CF-3-23 |
| Focal length of the lens (mm) | f=23 Plano-convex |
| Suitable beam diameter (mm) | <8 |
| Wavelength range (nm) | 200-1600 |
| Fiber type | MM |
| Connector | FC/SMA905 |
| Suitable laser model | N、W、D、SD、MD、HD、XD |
